- Bus stops
- Park and Ride facilities

4. What improvements would you recommend to the transportation system? (Check all that apply)

- Roadway improvements and widening
- Intersection improvements (widening, additional lanes, etc.)
- Additional park and ride facilities
- Improved bus connections
- Expansion of bus services
- Increased frequency of bus services
- New roadways
- Additional traffic signals
- Commuter rail services

5. Please indicate pedestrian and bicycle safety improvements you feel are important for your neighborhood. (Check all that apply)

- Slower vehicle speeds
- Pedestrian crosswalks
- Pedestrian crossing signals
- Designated bicycle lanes
- Improved sight distances
- Improved signage indicating pedestrian and bicycle activity
- Sidewalks
- Pedestrian/bicycle paths or trails
- Pedestrian lighting

6. Please name the **top 5 intersections** you think need to be improved with respect to traffic safety and congestion in Kent County.

7. Name the **top 5 roadways** you think need to be improved with respect to traffic safety and congestion in Kent County.

8. Can you suggest additional transportation improvements that would benefit your community?

9. **Complete this question only if you operate an agency or business.** Identify any transportation issues that prevent your employees, clients or customers from reaching your location in a timely fashion.

10. **Complete this question only if you operate an agency or business.** Identify any transportation improvements necessary to facilitate the movement of goods to and from your location.

11. Please **check one** of the following (four) statements that describes the rate at which your community is growing and the impact it has on the transportation system.

- The community is growing too fast and improvements to the transportation system are not keeping pace.
- The community is growing too slowly and transportation facilities are adequate.
- The community is growing too slowly and transportation facilities are not adequate to support desired growth.

- The community is growing at the right pace with simultaneous expansion of the transportation system.
12. Is air pollution, specifically ground-level ozone, a problem in Kent County?
- Yes No Don't Know
13. Have you seen or heard any of the following messages or ads about ozone in Delaware?
- Captain Clean Air TV Ads Newspaper Articles
- Ozone Coloring Books Movie Theater Ads
- Ozone Action Partnership Placemats in Restaurants
- Other (specify) _____

Thank you for taking the time to complete this survey. Your responses will be utilized to plan how to best meet current and future transportation needs. If you have questions, please feel free to contact Ava Perrine at (302) 760-2712 or (302) 760-2713.

The Dover/Kent County Metropolitan Planning Organization is the federally designated agency responsible for coordinating transportation planning and programming in Kent County, Delaware. The MPO's planning area includes all of Kent County plus any portions of Milford and Smyrna located in adjacent counties. Plans and programs adopted by the MPO outline how federal transportation funds will be spent. Check our progress at www.doverkentmpo.org
