

**DOVER/KENT COUNTY
METROPOLITAN PLANNING ORGANIZATION**

**TRANSPORTATION IMPROVEMENT PROGRAM
FISCAL YEARS 2016-2019**

**Adopted: May 6, 2015
Amended: September 2, 2015**

Prepared by the
Dover/Kent County Metropolitan Planning Organization Council

The preparation of this document was financed in part with funds provided by the Federal Government, including the Federal Transit Administration, through the Joint Simplification Program, and the Federal Highway Administration of the United States Department of Transportation.

G – Eastern Federal Lands Highway Projects in Delaware	

Background

The Dover/Kent County Metropolitan Planning Organization (Dover/Kent County MPO) is the transportation planning organization for the Dover, Delaware urbanized area. The Dover/Kent County MPO was established in 1992 under the mandates of the Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991, which continued the requirement that a metropolitan planning process be established in urbanized areas with a population greater than 50,000. The Dover urbanized area exceeded that threshold by the 1990 U.S. Census of Population, with a figure of 50,757. The MPO subsequently officially expanded the area of responsibility to Kent County and its municipalities including the portions of Milford and Smyrna in the neighboring counties. In 2010, the urbanized area population was determined to be 110,769 persons, a 75% increase from the 2000 population of 65,044. The population of Kent County grew from 126,697 in 2000 to 162,310 persons in the 2010 decennial census, a 28% increase.

Transportation funding was reauthorized as Moving Ahead for Progress in the 21st century (MAP-21) in FFY2012 and FFY2013 and has enjoyed continuing resolutions since. The Transportation Improvement Program (TIP) is one of the products that the federal legislation requires a metropolitan planning organization to prepare at least every four years. The purpose of the TIP is to disclose transportation projects for which federal funding will be sought over a four year period. The TIP should reflect the region's priorities, represent a consensus among state and regional officials, show a direct relationship to the regional transportation plan, be financially constrained, and conform with federal air quality regulations as they relate to transportation. Finally, the TIP must be subjected to thorough public review during development and prior to adoption.

The FY 2016-2019 TIP follows the preceding (FY 2015-2018) TIP as amended in January, 2015. The previous amended TIP was prepared

from the FY 2015-2020 Capital Transportation Program (CTP) and influenced by the MPO's 2040 Metropolitan Transportation Plan (MTP). This document was originally prepared with the benefit of a draft FY 2016-2021 CTP. The Delaware Department of Transportation (DelDOT) once again was scrambling to allocate additional funds to transportation projects. The State Legislature discussed mechanism that increased the gasoline tax to dedicate to the Transportation Trust Fund and as simple as incrementally increasing fees and penalties. Finance Department provided the approved Bond Bill authorization that reflected the total of the allocable funds negotiated for the FY 2016 budget. The MPO had added important projects being considered; the Camden Bypass Plan and a proposed widening of US13 from the Puncheon Run Connector to Walnut Shade Road near Woodside. The MPO also took the opportunity to split large study areas into separate projects that were scored and prioritized as well.

In an effort to identify appropriate projects to recommend for funding in future CTP's, the MPO established a Working Group to develop criteria and a scoring rubric to identify the most important projects; to Prioritize. The working group chose to accept the software and technical assistance provided by DelDOT with Decisions Lens[®]. The Working Group has developed the inputs into the prioritization model and have identified which criteria is most important to weight the project scores. The group will be tasked to produce a mechanism for bicycle and pedestrian facilities next and to work with staff to develop the mechanisms and data required for scoring all projects, including predictive traffic management measurement.

Public input was solicited from residents of the county, as well as from the Public Advisory Committee (PAC) meetings held at the Kent County Administration Building, for Plan amendments and this TIP document. In the past, the MPO had advertised and toured the TIP sites during a bus tour. Since there have been no new major projects included in this document, the MPO prepared a virtual tour of the highway projects that are funded during the TIP period. This virtual tour has accomplished a mechanism for constituents to view a summary of the projects included in the TIP so that the bus tour is becoming less valuable. The eleven virtual tours, along with an introduction and conclusion, have been included on the MPO's website at <http://doverkentmpo.delaware.gov/projects/video-trail/>

The funds anticipated to be used for the Kent County projects (not the greater MPO area) in the TIP during FY 2016 - FY 2019 are shown below.

	<u>Total Amount</u>	<u>Federal Share</u>
FY 16	\$67,768,202	\$55,061,985
FY 17	\$55,076,379	\$48,710,210
FY 18	\$40,628,042	\$35,163,612
FY 19	\$19,970,169	\$16,230,495

In addition to this funding for new projects, DelDOT maintains and operates the transportation system under statewide categories such as bridge inspection, pavement rehabilitation, roadway signage, intersection improvements, bicycle and pedestrian improvements and

statewide transit services and equipment. The actual amount of funds to be spent from these statewide categories in the MPO's region cannot always be determined since projects are selected based on statewide needs. A small percentage of costs for Statewide Projects within the MPO's region are federally funded. This MPO TIP will be submitted to DelDOT as the region's input for the FY 2016-FY 2019 Statewide Transportation Improvement Program (STIP).

Regional Goals

Kent County has a diverse economy and population. The City of Dover is a strong metropolitan hub situated in the center of the county in a growth corridor that extends from Smyrna to the north and Milford and Harrington to the south. Inside the functional growth corridor and actual Kent County Growth Zone are the largest employers, include Dover Air Force Base, the State of Delaware, Kraft General Foods USA, BayHealth Medical Center, the Eagle Group, General Metalcraft Inc., Proctor and Gamble, Inc., and ILC Dover, Inc. The regional warehouse of Wal-Mart, located in Smyrna, has also been playing a greater role in the economic integrity of the area, as will the proposed apron for private jets, large and small, at the Dover Air Force Base. Outside of the growth corridor, the county's economy is predominantly agricultural, including a well-established but dwindling Amish community. The presence of three four-year colleges, one two-year college and their satellite locations enhances the region's ability to attract and maintain a diverse community.

On January 9, 2013, the MPO adopted its 2040 Metropolitan Transportation Plan (MTP), the MPO's long-range transportation plan (LRTP). The MTP, which has greater than a 20-year planning horizon, assesses the region's short-term improvement needs, projects future needs, projects the funds available, and identified goals and objectives to meet those needs. The MTP was financially reasonable and resulted in a positive impact on the region's air quality. The regional planning process was coordinated with DelDOT's statewide planning process, the Office of State Planning Coordination's State Strategies for Policies and Spending, Kent County's Comprehensive Plan, and the Comprehensive Plans of all municipalities and other plans in the region. The MTP was amended on January 8, 2014 to include the Camden Bypass and to reorganize two larger projects into separate component projects; the Route 8 Study and the North Dover US 13 Corridor Study. Another amendment to the MTP has been proposed; to include the widening of US 13 from the Puncheon Run Connector to Walnut Shade Road near Woodside to three lanes in each direction. It was considered and approved at the MPO Council meeting of May 7, 2014.

The 2040 MTP provides a framework to guide future transportation planning, programming activities, and policy alternatives. The following goals are identified for Kent County:

- Strengthen the diverse and relatively stable local economy;
- Maintain the current quality of life, including the agricultural economy, the abundant natural resources and open space, and the accessibility of political leaders;
- Manage growth effectively by ensuring adequate infrastructure is available to support desired growth patterns;
- Improve access and mobility while ensuring the safety and security of all citizens; and

- Preserve and expand transportation infrastructure to safely and efficiently transport people and goods.

A hierarchy of fundamental strategies has been developed to support these goals and further guide transportation planning and programming decisions for transportation investments by:

- First, preserving and maintaining the existing transportation system;
- then, improving management of the existing transportation system;
- then, developing and expanding multiple transportation modes; and
- and finally, providing additional roadway system capacity.

Projects in the FY2016-2019 TIP were drawn from the 2040 MTP, as amended.

The Prioritization Process

In the most recent long range plan, the MPO, led by the Technical Advisory Committee, maintained the status quo for the project prioritization completed for the Metropolitan Transportation Plan. Delaware is in a unique position, as it maintains over 90% of the roads on the state. There has been a renewed attempt to create a planning process where the TIP is produced by the MPO or projects are at least recommended to the DOT that then becomes a portion of the CTP. This attempt follows that of the Department of Transportation's critical analysis that changed their project ranking process and results and changed the Projects List significantly for FY 2015 and continued into this TIP. The MPO and the department are finding their way through the dual challenges of funding the most important projects while attempting to meet a budget, beyond the requirement for a constrained budget. This TIP implements a new approach by the Department to developing the CTP while the MPO attempts to build a process built upon the same prioritizing software using a new set of criteria defined with our partners. They are: System Operating Effectiveness, Safety, Environmental Impact/Stewardship, Revenue Generation/Economic Development/Jobs and Commerce, Supports Freight Movement, Multi-Modal Feasibility/Access, Impact on the Public/Social Disruption and Economic Justice, Community Priorities, and The State Strategies for Policies and Spending.

The previous method of scoring project prioritization was based on the 10 factors described in table 1 with a less mathematical system of 'weighting' project scores. An original attempt to realign the scoring of projects for prioritization was made by adding two additional factors; support for the community's comprehensive plan and support for the regional growth management plans. The attempt became an interim one as it was determined that the MPO should consider implementing a wholesale change in how projects are viewed. In fact, the perspective changed from one of nominated project analysis and scoring to one of problem analysis and scoring. Rather than asking communities to nominate presumed solutions, the MPO asked them to nominate problems that they realize in the transportation system of their community. The problems will be prioritized using an approach developed by the Working Group.

Table 1. Factors, Definitions and Weights for TIP Project Scoring

Previous Factor	Weight	Proposed Factor	Weight
Safety	0.20	Safety	
Support for Comprehensive/ Community Plans	0.20	System Operating Effectiveness	
Environmental Justice	0.10	Environmental Impact/Stewardship	
Transit	0.05	Revenue Generation/Economic Development/Jobs and Commerce	
Pedestrian/Bicycle Travel	0.05	Supports Freight Movement	
Environmental Impacts	0.03	Multi-Modal Feasibility/Access	
Economic Impacts	0.05	Impact on the Public/Social Disruption and Economic Justice	
System Continuity	0.10	Community Priorities	
Sustainability	0.02	The State Strategies for Policies and Spending	
Consistency with the Long-Range Transportation Plan	0.20		
Total	1.00		

Public Participation

Public review was an integral aspect of the TIP process. Public participation was solicited through PAC, TAC and Council meetings and with a virtual tour of proposed project sites. Because of the contraction of the budget and the advantages the technology offers, staff determined that a TIP based bus tour could be created as a virtual tour and was cancelled again this year. As an alternative to riding around looking at the same locations, the MPO has produced a video tour of project sites that is posted on our website; <http://doverkentmpo.delaware.gov/projects/video-trail/>.

Rather than making available DelDOT and MPO staff to answer questions during the short period while at the site, the MPO will take questions at any time and post responses to questions on the website. We look forward to reviving the bus tour when there are new projects or significant changes worthy of the time and expense.

The MPO offered the opportunity for public comment originally beginning Monday, March 30, 2015 through Thursday, April 30, 2015. News releases and advisories publicizing all related meetings with an opportunity to comment were posted on the MPO's website and sent to members of each MPO committee, print and electronic media outlets, each of the libraries in Kent County, state legislators representing Kent County and contiguous areas, Kent County Levy Court, mayors of Kent County municipalities, and Dover City Council. Copies of the draft TIP were made available to anyone who asked. The draft document was posted on the MPO's website.

To comply with the requirements of Title VI, with reference to the FY 2016-2019 TIP, the MPO will make an extra effort to include minorities and low-income populations in the decision-making process of submitted projects through the implementation of its public participation policy and representation on the MPO's PAC. When a proposed project is located in an Environmental Justice (EJ) neighborhood, special measures are taken to reach out to those who would be affected.

Air Quality Conformity

Overview

Kent County is part of the Philadelphia-Wilmington-Trenton non-attainment area, though it was not cited as a non-attainment county. As the federally-designated Metropolitan Planning Organization for Kent County, Delaware is in attainment, the Dover/Kent County MPO, is not required through federal regulations to show that the FY 2016-2019 TIP complied with the requirements of the 1990 Clean Air Act and subsequent amendments (CAA).

The FY 2016-2019 TIP

The projects in the FY 2016-2019 TIP are represented in the 2040 MTP, as amended. The projects in the TIP are only a small portion of those in the MTP. There have been changes to the project list and scope of the projects. The MTP was amended earlier in 2014 at the time of the development of the initial draft TIP. The mass projects comprising the Route 8 Study and the North Dover Study were separated into component projects. Two new projects were added including the "Camden Bypass" and the US13 Widening project.

The Camden Bypass is a multi-component project that was separated into 5 components for scoring purposes. After review by the de-facto statewide conformity working group, it was determined that no non-exempt, regionally significant projects have been added. The modeling process completed for the 2040 Metropolitan Transportation Plan remains an accurate analysis of air quality impacts. The results of the modeling process at the time can be found in the 2040 MTP on the MPO website at <http://doverkentmpo.delaware.gov/programs/regional-transportation-plan-rtp>.

Determination

The Dover/Kent County MPO FY 2016-2019 Transportation Improvement Program conforms to the SIP.

Program Categories and Project List

This draft FY 2016-2019 TIP mirrors DelDOT's FY 2016-2021 CTP developed after the State budget was adopted at the end of June, 2014. The projects and funded amounts included in this FY 2016-2019 TIP reflect the amounts allocated in the FY 2016-2021 CTP for years FY2016 through 2019. The Fiscal Constraint documentation were prepared using the Kent County and statewide budgets provided by the state Department of Transportation. Projects are divided according to the portion of the transportation system in which each is allocated – Road System: Expressways, Arterials, Collectors, Locals, Bridges and Transit Facilities and Vehicles.

Table 2 on the following pages lists statewide projects and programs for which funding is being requested for fiscal years 2016, 2017, 2018 and 2019. These are predominantly funding programs that include projects in all three Delaware counties. More information about process and past CTP's is located at http://deldot.gov/information/pubs_forms/CTP/index.shtml.

Appendix A lists the projects in the MPO's planning area for which funding is being requested for fiscal years 2015, 2016, 2017 and 2018. The majority of the projects in this scaled down TIP are Road System projects. The appendix provides a project description, location map and pictures of each project. Funding, both authorizations and spend are listed in thousands for each project in each year of the TIP.

Appendix C is the TIP Financial Plan and evidence of Fiscal Constraint.

Appendix D lists projects which have been submitted to the TIP through the MTP, but have not been funded. Once a project is submitted to the TIP, it is kept on the prioritized list until it is funded or the MPO decides to remove it. In the past, the MPO included an Annual Listing of Obligated Projects as Appendix E. The document is required to be made available 90 days after the end of the fiscal year, September 30. If the schedule for the TIP development changes and the periods align, the MPO will consider renewing this appendix.

Appendix E is the list of projects and their phase funded in the CTP for Kent County (E-A) and for Statewide projects (E-B).

Appendix F is the most recent list of Traffic Analysis Zones (TAZ) population and households projected by the Dover/Kent County MPO, based on County projections data from the Delaware Population Consortium. The Consortium is supported by the University of Delaware Center for Applied Demography and Survey Research (CADSR).

Appendix G is included at the request of the Federal Highway Administration. The appendix includes two road improvements projects on Federal Lands: at Bombay Hook National Wildlife Refuge with current funding and at Prime Hook National Wildlife Refuge with funding in the future.

Table 2: FY 2016-2019 Identified Statewide Projects (x \$000)

PROJECT (x000)	FY 2016 TOTAL	FY 2017 TOTAL	FY 2018 TOTAL	FY 2019 TOTAL	2016-2019 TOTAL

A detailed summary of the Statewide Projects and funding is included in Appendix E: Part B Statewide

APPENDIX A
Funded Dover/Kent County MPO Projects

ROAD SYSTEM:
ARTERIALS

HAZARD ELIMINATION PROGRAM (HEP), - KENT COUNTY

PROJECT SCOPE/DESCRIPTION: The Federal Code at 23 USC152 defines this as: Each State shall conduct and systematically maintain an engineering survey of all public roads to identify hazardous locations, sections, and elements, including roadside obstacles and unmarked or poorly marked roads, which may constitute a danger to motorists, bicyclists, and pedestrians, assign priorities for the correction of such locations, sections, and elements, and establish and implement a schedule of projects for their improvement. The proposed projects identified through this process in Kent County that are required to be addressed are listed in the Funding Schedule below.

PROJECT JUSTIFICATION: These improvements are federally-mandated safety programs and intersection programs that provide safe turning movements.

County: Kent
Funding Program: Road System – Arterials
Estimated Cost: \$7,300,000
MPO Priority Rating: N/A (HSIP)

Descriptions:

US 13 Widening: This project involves the addition of a third lane in each direction on US13 from the Puncheon Run Connector south to Walnut Shade Rd. This will require roadway widening, stormwater management facilities, multiple intersection redesigns, traffic signal reconfigurations and multi-modal improvements. The first phase is Lochmeath Way to the Puncheon Run Connector. The second phase is from Lochmeath Road to Walnut Shade Road.

DE14 @ Killens Pond Road Intersection Improvements: This project consists of placing a channelizing island in the intersection to better delineate traffic movements as well as drainage improvements required by the placement of the channelizing island.

DE10 & DE15 Intersection Improvements: The existing intersection of SR10 - Willow Grove Road & SR15 - Moose Lodge Road/Dundee Road includes no traffic control devices for the Mainline (SR10) and stop signs for the side roads. This project proposes replacing the existing intersection with a roundabout. This will involve roadway widening, drainage upgrades, installation of channelizing islands, roadway lighting and signing & striping upgrades.

DE8 & DE15 Intersection Improvements: The existing intersection of DE8/Forest Ave. and Salisbury Road/DE15 qualifies for and requires safety improvements. Primary improvement will be to add another through lane in both directions, north and south on Saulsbury Road/DE15. This project is included as a Local Road.

MS30-Highway Safety Improvement Program

M231-Surface Transportation Program

Loockerman Street/Forest Street Improvements

Project Description: This project will include a series of improvements through this area of Dover that will encourage economic development and alternative modes of transportation. The planned improvements include:

- Implement a roundabout to improve traffic circulation and to provide a pleasing element to reinforce this visual terminus at the Dover Train Station and retrofit the existing Loockerman Street Streetscape into the roundabout design.
- Create a pedestrian friendly zone at the railroad crossing and Front Street.
- Create a new gateway with intersection improvements at Division Street and Forest Street.

Project Justification: This project will improve safety for multi-modal movements throughout the area and encourage economic development.

SR 1, THOMPSONVILLE ROAD GRADE SEPARATED INTERSECTION

PROJECT SCOPE/DESCRIPTION: This project includes the construction of a grade-separated intersection at SR1 and K19, Thompsonville Road. Thompsonville Road will be extended to the intersection of Tub Mill Road (K119) and Church Hill Road (K404). This project will also include the removal of the existing traffic signal at this intersection as well as the removal of median crossovers in the immediate vicinity. New prioritization means right-of-way acquisition has been completed and construction is set to begin in 2015 and be complete by 2017 .

PROJECT JUSTIFICATION: This intersection has been targeted as a high accident-prone intersection. The improvements will enhance safety and improve traffic flow along the SR 1 corridor. The improvements will also provide an alternate route to access west Milford.

SR 1, LITTLE HEAVEN GRADE-SEPARATED INTERSECTIONS

PROJECT SCOPE/DESCRIPTION: This project includes the construction of new SR 1 northbound lanes and a service road, east of SR 1 from K371, Barratts Chapel Road to K373, Mulberry Point Road, in Little Heaven. The existing SR 1 northbound lanes will be converted to SR 1 southbound lanes, and the existing SR 1 southbound lanes will be converted to a service road. The project also includes the construction of a grade-separation at K18, Bowers Beach Road, which will provide access to and from the service roads on either side of SR 1.

PROJECT JUSTIFICATION: The intersection of SR 1 and K18 has been targeted as a high accident intersection. The improvements will enhance safety and preserve traffic capacity along the SR 1 corridor. The service road will provide access for multiple developments both existing and proposed.

SR 1 AT NE FRONT STREET, MILFORD GRADE SEPARATED INTERSECTION

PROJECT SCOPE/DESCRIPTION: This project includes the construction of a grade-separated intersection at the intersection of SR 1 and NE Front Street in Milford. The proposed improvements will enhance the capacity and safety of the SR1 corridor. The attached image is one of six alternatives for the improvements that can be found at http://www.deldot.gov/information/projects/sr1_northeast_front_st/concept.shtml.

PROJECT JUSTIFICATION: The intersection of SR 1 , Bay Road, and SR 14, NE Front Street, is a high accident intersection. This project will preserve traffic capacity and safety in accordance with the Corridor Capacity Preservation Program.

ROAD SYSTEM:
COLLECTORS

WEST DOVER CONNECTOR

PROJECT SCOPE/DESCRIPTION: This project will extend Saulsbury Rd. from its current terminus at North St., to US13. This will involve the construction of 3.5 miles of new mainline roadway traveling east from North St. across the Eden Hill development, south over the Norfolk & Southern Railroad (NSRR) spur and across the Kesselring farm on the west side of the NSRR tracks. The roadway will then turn east again spanning the NSRR mainline and New Burton Rd. then traversing the Kesselring farm on the east side of New Burton Rd. and ultimately tying into US13 in the vicinity of the existing intersection with Charles Polk Rd. on the southern side of Rodney Village. The improvements will also include auxiliary connections to Wyoming Mill Rd., New Burton Rd. and Charles Polk Rd. There will be multi-modal improvements allowing pedestrian and bicycle facilities throughout the project limits in addition to new DART facilities. The project will provide interconnectivity between multiple recreational areas, residential communities and commercial facilities.

PROJECT JUSTIFICATION: The Dover/Kent County MPO Long Range Transportation Plan and City of Dover Comprehensive Plan have identified the need for this project and the Department agrees. The traffic analyses that have been conducted based on existing and proposed growth in the area justify the need for this roadway connection due to the degradation of the existing area roadway facilities.

KENTON ROAD: SR8 TO CHESTNUT GROVE ROAD

Project Description: Funding is requested to improve vehicle, pedestrian, and bicycle travel along Kenton Road (K104) between Route 8/Forrest Ave and Chestnut Grove Road (K158) in Dover. The improvements will involve widening Kenton Road to two 11-foot lanes with two five-foot shoulders, installing curbs and sidewalks on one or both sides (both if in the City of Dover and those enclaves that are not.), and addressing closed drainage, traffic calming, and safety improvements.

Project Justification: This stretch of Kenton Road in the City of Dover has remained unimproved for pedestrian and bicycle access and still has open drainage for storm water.

CRAWFORD CARROLL ROAD EXTENSION

Project Description: Funding is requested to improve vehicle, pedestrian, and bicycle travel along Crawford Carroll Road Extended from Rustic Lane, behind the Lowes Store ultimately to extend through the parking lot of the HH Gregg/Pet Smart Dover stores in North Dover. The improvements will involve creating an extended Crawford Carroll Road of two 11-foot lanes with two five-foot shoulders, installing curbs, sidewalks and bike lanes on one or both sides, and addressing closed drainage, traffic calming, and safety improvements.

Project Justification: A Crawford Carroll Road extension has gained importance with the Delaware State University acquisition of the former Sheraton Hotel for student housing and event space. Students currently living in the facility are using the US13 corridor for both vehicular and pedestrian access to campus.

CAMDEN BY-PASS: NORTH STREET EXTENDED TO DE 10

Project Description: The Town of Camden has experienced traffic growth as development has occurred west of RT13. The Town has worked with the department to lessen the impact of traffic congestion and large trucks on the small Main Street and adjoining historic properties. Funding is requested to improve vehicle, pedestrian, and bicycle travel along Old North Road in Camden from Main Street to US13 and to the future connections beyond that will surround the proposed development and connect to DE 10 at Rising Sun Road (K29).

Project Justification: The project will divert traffic away from the constrained central intersection in Town and the nearby critical properties.

CAMDEN BY-PASS: SOUTH STREET TO RISING SUN ROAD

Project Description: The Town of Camden has experienced traffic growth as development has occurred west of RT13. The Town has worked with the department to lessen the impact of traffic congestion and large trucks on the small Main Street and adjoining historic properties. Funding is requested to improve vehicle, pedestrian, and bicycle travel along a new right of way from South Main Street east to UUS 13 and then to Rising Sun Road (K29).

Project Justification: This is a proposal for a new road to bypass the center of Camden to also include pedestrian and bicycle access and likely a traffic signal at US13

BR 2-114E ON K114 TODD'S CHAPEL (CHURCH) ROAD OVER QUARTER BRANCH

PROJECT SCOPE/DESCRIPTION: This project involves the replacement of three large corrugated metal pipe arches with reinforced concrete pipes. The approach roadways and guardrail will be reconstructed as needed and riprap will be placed in the stream for scour protection. The work will be performed under a full road closure with a detour.

PROJECT JUSTIFICATION: The existing pipes are structurally deficient and were selected by the Pontis Bridge Management System for work. It has a sufficiency rating of 72.9. There is corrosion at the waterline with 100% section loss at some locations. It is ranked 92nd on the 2014 DelDOT Bridge Deficiency List.

BR 2-031A ON K031 IRISH HILL ROAD OVER DOUBLE RUN CREEK

PROJECT SCOPE/DESCRIPTION: Replace the existing corrugated metal pipe arches with a structure at Bridge 2-031A. The replacement structure will be concrete box beams on abutments with concrete wingwalls. Additional work includes placing riprap for scour protection and installing guardrail as necessary. The work will be performed under a full road closure.

PROJECT JUSTIFICATION: The existing pipe is structurally deficient and was selected by the Pontis Bridge Management System for work. It has a sufficiency rating of 69.8 and is ranked 63 on the 2013 DeIDOT Bridge Deficiency List. There are numerous perforations along the pipes and a deep pitting. The wingwalls are also spalling.

BR 2-050A ON SR 8, HALLTOWN ROAD OVER BEAVERDAM DITCH

PROJECT SCOPE/DESCRIPTION: This project involves the replacement of the existing bridge structure in its entirety at Bridge 2-050A. The replacement structure will be concrete box beams on pile supported stub abutments. This project will also involve placement of riprap for channel stabilization and scour protection, installation of guardrail and reconstructing approach roadway as necessary. The work will be performed under a full road closure.

PROJECT JUSTIFICATION: This structure was selected by the Pontis Bridge Management System for work. There is a significant scour concern at this structure with exposed footers and undermining of the foundation. The existing beams and barrier walls are heavily deteriorated with spalls, cracks and exposed reinforcing bars. This bridge is currently ranked 382nd on the 2013 DelDOT Bridge Deficiency List.

BR 2-060C ON K060 SR14 VERNON ROAD OVER PROSPECT BRANCH

PROJECT SCOPE/DESCRIPTION: This project involves the replacement of pipes with reinforced concrete pipe. The approach roadways will be reconstructed as needed and riprap will be placed in the streams for scour protection. May place guardrail as needed. The work will be performed under full road closures with detours.

PROJECT JUSTIFICATION: The existing pipe for this bridge is structurally deficient and was selected by the Pontis Bridge Management System for work. There is corrosion at the waterline with 100% section lost at some locations. The bridge was ranked on the 2012 DelDOT Bridge Deficiency List.

BR 2-118A ON K118 COON DEN ROAD OVER NANTICOKE RIVER

PROJECT SCOPE/DESCRIPTION: This work involves the replacement of the existing corrugated metal pipes with a precast concrete box culvert. Additional work includes the reconstruction of the approach roadway, installation of guardrail as needed, and placement of riprap in the stream for scour protection. Work will be performed under a full road closure with detour.

PROJECT JUSTIFICATION: The existing pipes at the bridge are structurally deficient and were selected by the Pontis Bridge Management System for work. There is corrosion at the waterline with 100% section loss at some locations. Replacement of this bridge will help the Department meet its performance measure for percentage of bridges in poor condition. This bridge is ranked 65th on the 2015 DelDOT Bridge Deficiency List (out of 1625 total bridges).

REMOVAL OF BR2-357 PEDESTRIAN BRIDGE OVER ST. JONES RIVER

PROJECT SCOPE/DESCRIPTION: This project involves the removal of the existing pedestrian bridge over St Jones River in its entirety. The removal work consists of removing the two-girder steel superstructure with timber decking/rails, timber piers, and stone/concrete foundation. Other work will include placing riprap or other scour counter measures to protect the stream bank from future scour and the removal of the approach pavement that is no longer needed.

PROJECT JUSTIFICATION: BR 2-357P is a pedestrian bridge built in the 1970's and is in very poor condition. The bridge has been closed to pedestrian traffic for over two years. The existing bridge is structurally deficient and was selected by the Pontis Bridge Management System for work. This bridge is ranked 79th on the 2013 DeIDOT Bridge Deficiency List

**TRANSIT SYSTEM:
FACILITIES**

TRANSIT FACILITIES – KENT COUNTY

Dover Facility Bus Parking Reconfiguration

PROJECT SCOPE/DESCRIPTION: DTC's Dover Maintenance and Operations facility must accommodate the growth of services in Kent County. The number of buses needed to serve Kent County has outgrown the current parking configuration. Changing the configuration will allow DTC to park these buses within the current property lines.

PROJECT JUSTIFICATION: DTC's Dover Maintenance and Administration facility was built in 2001. The parking design was for 71 bus spaces. As of December 14, 2010, 90 buses were being parked at Dover. With more buses planned in the future and the need to park buses safely, a new bus parking configuration is needed.

APPENDIX B
Adopted Resolutions and Self-Certification
May 6, 2015

RESOLUTION

**ADOPTING THE FY 2016-2019
TRANSPORTATION IMPROVEMENT PROGRAM**

WHEREAS, the United States Department of Transportation (U.S. DOT) Metropolitan Planning Regulations require that the Metropolitan Planning Organization (MPO), in cooperation with participants in the planning process, develop and at least every four years update the Transportation Improvement Program (TIP); and

WHEREAS, the Dover/Kent County Metropolitan Planning Organization is the MPO responsible for updating the TIP for Kent County, Delaware as required by Section 450 of Title 23 and Section 613 of the Federal Transit Act (49 U.S.C.); and

WHEREAS, the MPO has self-certified its planning process; and

WHEREAS, the projects included in the FY 2016-2019 TIP have been prioritized based on goals identified in the Metropolitan Transportation Plan; and

WHEREAS, the projects in the FY 2016-2019 TIP derive from the first four years of the 2040 Update of the Metropolitan Transportation Plan; and

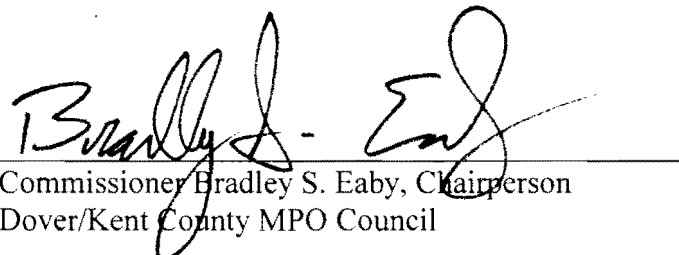

WHEREAS, the MPO has determined that the FY 2016-2019 TIP is financially constrained; and

WHEREAS, the FY 2016 projects contained in the FY 2016-2019 TIP will be utilized as the priority list of projects for this fiscal year; and

WHEREAS, the public has had opportunity to comment on the FY 2016-2019 TIP; and

WHEREAS, the MPO has determined that the FY 2016-2019 TIP conforms to the Delaware State Implementation Plan.

NOW, THEREFORE, BE IT RESOLVED, that on May 6, 2015 the Dover/Kent County MPO Council adopted the FY 2016-2019 TIP, as the region's official selection of transportation projects for federal funding.

Commissioner Bradley S. Eaby, Chairperson
Dover/Kent County MPO Council

Dover/Kent County Metropolitan Planning Organization

SELF-CERTIFICATION OF THE METROPOLITAN TRANSPORTATION PLANNING PROCESS

In accordance with 23 CFR 450.334, the Delaware Department of Transportation and the Dover/Kent County Metropolitan Planning Organization for the Dover, DE urbanized area hereby certify that the transportation planning process is addressing the major issues in the metropolitan planning area and is being conducted in accordance with all applicable requirements of:

- (1) 23 USC 134, 49 U.S.C. Section 5303, and 23 CFR Part 450.
- (2) In nonattainment and maintenance areas, Sections 174 and 176(c) and (d) of the Clean Air Act as amended (42 U.S.C. 7504, 7506(c) and (d)) and 40 CFR Part 93.
- (3) Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 CFR Part 21.
- (4) 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex or age in employment or business opportunity.
- (5) Section 1101(b) of the Moving Ahead for Progress in the 21st Century Act (MAP-21) (Pub. L. 109-59) and 49 CFR Part 26 regarding the involvement of Disadvantaged Business Enterprises in USDOT funded planning projects.
- (6) 23 CFR Part 230, regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts.
- (7) The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR Parts 27, 37, and 38.
- (8) Older Americans Act, as amended (42 U.S.C. 6101), prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance.
- (9) Section 324 of CFR 23, regarding prohibition of discrimination based on gender.
- (10) Section 504 of the Rehabilitation Act of 1973 and 49 CFR Part 27 regarding discrimination against individuals with disabilities.

		25.1	Upgrade Walnut Shade Road from US 13 to S. State St. to include adequate travel lanes, shoulders, and bicycle and pedestrian improvements	>2030	\$8,000	Major Collector
		24.9	- D8: N/S Connector Road: Connection from DE 8 / Hazletville Road to Artis Drive	2030	\$4,550	Major Collector
		24.6	Upgrade DE 15 west of Clayton and Smyrna (Vandyke Greenspring Road to DE 6) to include adequate travel lanes and shoulders and bicycle, pedestrian and transit facilities	>2030	\$6,900	Major Collector
		24.5	Construct Bike and Pedestrian Improvements on Duck Creek Road from Main St to US 13 and from DE 6 to VanDyke Spring Road	>2030	\$550	Major Collector
		24.5	Upgrade Carpenter Bridge Road from Frederica to DE 15 to include adequate lane width, shoulders, multi-use path and transit amenities	>2030	\$18,816	Minor Arterial
		24.5	Upgrade DE 12 from SR 1 to US 13 with adequate lane width, shoulders, multi-use path and transit facilities	>2030	\$30,016	Minor Arterial
		24.5	Construct/fill gaps in bicycle and pedestrian facilities on Hazletville Road within the Dover city limits.	>2030	\$2,240	Minor Arterial
		24.5	Construct a Bike route on S. State Street from Webbs Lane to SR 10	>2030	\$1,200	Minor Arterial
		24.1	DE 10: Intersection Improvement, S. Main Street and South Street	2040	\$2,455	Major Collector
		24.0	- D8: N/S Connector Road: Chestnut Grove Road to Rt 8	2040	\$15,325	Minor Arterial
		24.0	Construct/fill gaps in bicycle and pedestrian improvements on DE 10 between Bay Road (US 113) and DE 15 west of Wyoming	>2030	\$5,600	Minor Arterial
		23.1	- D8: Intersection Improvements: Mifflin Road right turn and realignment of Brandywine Apts entrance	2030	\$2,550	Principal Arterials
		22.9	Improvements to the Intersection of Irish Hill Road and Woodleytown Road	>2040	\$1,000	Major Collector

APPENDIX D: Aspirational Projects List

List of Recommended Projects							
				Year Completed By	Year Of Expenditure \$ Amount	Road Classification	
Highways	22.6	- D8: Realign intersection of Artis Drive with DE 8			2030	\$550	Minor Arterial
	22.6	DE 8: Connector Road south of Gateway West to Commerce Way			>2040	\$550	Local
	21.0	Construct grade-separated intersection at SR 1 and Barratts Chapel Road			>2030	\$30,000	Principal Arterials
	17.1	Upgrade Brick Store Landing Road from Paddock Road to SR 1 in Smyrna			>2030	\$3,696	Major Collector
	17.0	Improve the intersection of Airport and Bowman Roads in Milford			>2030	\$900	Major Collector
	14.9	Upgrade DE 6 between the Maryland state line and DE 300 with adequate travel lanes and shoulders.			>2030	\$7,900	Local
Bicycle and Pedestrian Projects							
Bike/Ped Projects	On-Road	Pearsons Corner Road: DE 8 to DE 42; widened to add shoulders, sidewalks and bike lanes			2035	\$10,000	Locals
		Chestnut Grove Road: Kenton Road to DE 8; widened to add shoulders, sidewalks and bike lanes			2035	\$10,000	Locals
		DE 12 west of Felton/Burnite Mill Road: Black Swamp Road to the Maryland line; widened and striped shoulders, pedestrian Way added			2040	\$15,000	Major Collector
	Intersections	DE 15/Canterbury Road: US 13 to Airport Road; widened and striped shoulders, pedestrian way added			2040	\$15,000	Minor Arterial
		Saulsbury Road: north Street to College Road; 12 intersections improved			2040	\$25,000	Major Collector
		Rehoboth Boulevard: at Warner Road and US 113; intersection improvements			2035	\$1,000	Major Collector
		DE 14 @ US 13, US 113 and SR 1; intersection improvements			2035	\$1,000	Minor Arterial
	Off-Road	DE 42/Seven Hickories Road: Kenton to Cheswold; intersection improvements			2040	\$2,000	Major Collector
		DE 10 Trail: alternative to Lebanon Road on-road bike facilities.			2030	\$2,000	Off-Road
		Smyrna-Clayton Trail: connecting schools, parks and existing trails, including the proposed trail to Easton, MD.			2040	\$3,000	Off-Road
Estimated Total Cost						\$84,000	
Transit Projects							
Transit	Transit	Implement Bus Rapid Transit/BRT recommendations through Kent County by creating a dedicated lane and intelligent signalling on existing ROW			>2030	\$0

 This listing reflects all newly identified and programmed and/or modified projects as of March 25, 2015 - Changes highlighted in green.

APPENDIX H
Adopted Amendment Resolutions and Self-Certification
September 2, 2015

RESOLUTION

**AMENDING THE FY 2016-2019
TRANSPORTATION IMPROVEMENT PROGRAM**

WHEREAS, the Dover/Kent County Metropolitan Planning Organization (D/KC MPO) has been designated the Metropolitan Planning Organization for the Dover, Delaware Metropolitan Statistical Area by the Governor of Delaware; and

WHEREAS, the United States Department of Transportation’s (USDOT) Moving Ahead for Progress in the 21st Century Act (MAP-21) Metropolitan Planning requirements require that, in air quality non-attainment areas, the MPO, in cooperation with participants in the planning process, develop and, at least every two (2) years, updates the Transportation Improvement Program (TIP); and

WHEREAS, the D/KC MPO TIP incorporates a four-year period for the listing of priority projects to be implemented, as well as a list of program development projects; and

WHEREAS, additional funding was allocated for three (3) new projects in the TIP: US Route 13 (Walnut Shade Road to Lochmeath Way), Camden Bypass (South Street to Rising Sun Road), and Walnut Shade Road (US Route 13 to Peachtree Run); and

WHEREAS, the D/KC MPO has self-certified its planning process; and

WHEREAS, the projects included in the FY 2016-2019 TIP have been prioritized based on goals identified in the long range Metropolitan Transportation Plan; and

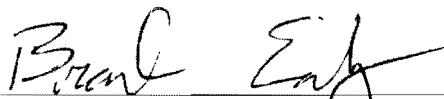

WHEREAS, the D/KC MPO has determined that the amended FY 2016-2019 TIP is financially constrained, as directed by 23 CFR 450.324(e); and

WHEREAS, the D/KC MPO has determined that the amended FY 2016-2019 TIP conforms to the Delaware State Implementation Plan in accordance with MAP-21 and the Clean Air Act and amendments.

NOW, THEREFORE, BE IT RESOLVED, that the Dover/Kent County Metropolitan Planning Organization Council does hereby adopt the amended FY 2016-2019 Transportation Improvement Program.

The effective date of this action is September 2, 2015.

DATE: 9-2-15

Commissioner Bradley S. Eaby, Chair
Dover/Kent Metropolitan Planning Organization
