WE ARE WORKING HARD FROM HOME..

THE MTP IS IN PROGRESS AND COMING SOON!

We are working hard on the MTP, and we have also amended our Public Participation Plan to include virtual meetings! Yes, the weirdness of this time still continues, but so does all the work that keeps things running! We have had staff meetings and the Priority Working Group meetings for the MTP on our computers and are looking forward to having our June PAC and TAC meetings the same way. Jim Galvin even went to a conference virtually, and Helen Wiles did a webinar with AMPO. If you need anything from any of us, please feel free to email. We all have email access at home.

There is light at the end of the tunnel, and we are looking forward to the day when we can meet in person again. Until then, please be safe! Thank you to all of you who are working the front lines. Thank you to all who are simply staying home. We are here for you!!

JUNE MEETINGS WILL BE VIRTUAL. TRAINING COMING SOON!

The preparation of this document was financed in part with funds provided by the Federal Government, including the Federal Transit Administration, through the Joint Funding Simplification Program, and the Federal Highway Administration of the United States Department of Transportation.

Cathy Samardza is keeping limited office hours. You can reach her normally on weekdays from 12-4pm
