

April 8, 2024

To Whom it May Concern:

In August of 2023, the City of Dover Council approved an ordinance to revise the truck routes within the City of Dover limits. We have received approval from the Delaware Department of Transportation (DelDOT) for the location of the new signage.

Our team anticipates the new signage will be installed by the end of May 2024. The goal of this change is to align the truck routes with appropriately sized streets that can better handle the traffic. It is our goal to not terribly impede truck drivers but to have a more efficient traveling experience for motorists traveling through the city.

If you are interested in reviewing the revised ordinance, it can be found at the following website: <https://www.cityofdover.com/ordinances-and-resolutions>. The ordinance number is 2024-05.

If you have any questions, please do not hesitate to contact the City of Dover Department of Public Works at (302) 736.7025, or email at pw@dover.de.us.
