RE: Public Advisory Committee Resignation

Dear Marilyn:

I am writing to let you know that I will be resigning from the Dover/Kent County Metropolitan Planning Organization's public advisory committee, effective December 31, 2024. I have been asked to take on more tasks in my job with Delaware State Parks and have also had some changes in my personal life that make it more difficult to serve on the committee and attend meetings.

I want you to know that my passion for transportation and regional planning still stands, and I think it will always be a part of me. Almost anybody who knows me well knows that I have had a love of transportation planning and its history. I've written a few articles on the subject, linked below:

- Main Road Research Page: [http://ianpeters.org/road\\_projects.html](http://ianpeters.org/road_projects.html)
- US-50/US-301 at MD-2/MD-450 (Annapolis) Interchange Design: <http://ianpeters.org/roads/annap.html>
- DE-1 and US-301 Freeway History: <http://ianpeters.org/roads/deroute1.html>
- WV-2 (Wheeling) History: <http://ianpeters.org/roads/wheeling.html>

I appreciate having had this opportunity to serve Kent County and the MPO with my perspective. I also appreciate having had the opportunity to see how the transportation planning process works and to get another view of these projects occurring within our area. I have also appreciated meeting people who work in the planning field, allowing them to share their experiences in their careers.

Thank you,

Ian Peters
